

Year 2 Summer Letter

Welcome to our last letter of the school year 2025/26. Moving into our last term as pupils of KS1.

Reading Books and homework

We continue to change books on a **Thursday afternoon**. Thank you to those parents who have worked hard with supporting the reading at home and with completion of homework. We do appreciate it and the children benefit from learning at home linked to their learning in school.

Water Bottles

Especially this term, as we have warmer weather, please continue to ensure your child brings a water bottle each day and a hat. Thank you.

Curriculum

This term in history, we will be learning about kings and queens in the present and in the past. In art we will be designing using clay to make a tile that looks like a house. We will also be learning about materials in Science and carrying out some experiments. In our final DT unit, we will be creating a ferris wheel. This is always a challenge but I'm sure everyone will try their best.

We will also be completing our last assessments of the year. I know your child has worked hard this year and will show the progress they have made.

It will be an exciting term with sports day, 2 more half term treat afternoons and other end of year events, plus our class trip.

Please feel free to speak to me if you have any questions.

Miss Weall
