Dear Parents

We have been considering the increasing costs and expenses of school events and trips. Not only the entrance costs to venues but also the increasing travel and petrol expenses. For example, a coach/bus is a lot more expensive in the summer term.

We have tried to look at class trips/events and spread them across the year so that there is not a huge cluster of expensive trips in the summer term. We also want to share with you the link to the enriched curriculum we want to offer to all of our children.

We have also considered the experience the children get – for example, a visiting workshop to school is not only cheaper as there are no travel costs, but the children get a longer experience from the start to the end of the school day.

We are also planning a whole school event to Chester Zoo in February for all classes.

We want to plan as many experiences and as much enrichment for all of our children as we can and at the same time considering the cost in this ever-increasing cost of living.

We are also encouraging parents to pay in instalments as letters and notifications are coming out much earlier.

See chart overleaf:

We hope this help with planning and notification of trips through the year

Kind Regards

M.Statham
