

Welcome to our Growth Mindset section. At Cams Lane Primary School our aim is to support positive attitudes towards learning, resilience and high self-esteem in children.

What is Growth Mindset?

The term 'Growth Mindset' refers to a way of thinking, learning and taking on challenges. A person with a 'Growth Mindset takes on new challenges with a positive attitude, pushes themselves outside of their comfort zones, shows resilience and perseverance and takes constructive feedback and uses it.

Studies show people with a Growth Mindset (as opposed to a Fixed Mindset) will bounce back quickly from failure and be more likely to explore how they can get better at doing something.

Developing a Growth Mindset will help make children more resilient in their learning and for life. Of course, this is exactly what we want for our children here at Cams Lane!
