## **EQUALITY STATEMENT**

### **Legal Duties**

As a school we welcome our duties under the Equality Act 2010. The general duties are to:

- eliminate discrimination, harassment and victimisation
- advance equality of opportunity
- foster good relations

We understand the principles of the act and the work needed to ensure that those with protected characteristics are not discriminated against and are given equality of opportunity.

A protected characteristic under the act covers the groups listed below:

- age (for employees not for service provision)
- disability
- race
- sex (including issues of transgender)
- gender reassignment
- maternity and pregnancy
- religion and belief
- sexual orientation
- marriage and civil partnership (for employees)

In advancing equality of opportunity:

- we aim to remove or minimise disadvantages suffered by people due to their protected characteristics;
- we aim to meet the needs of people with certain protected characteristics where these are different from the needs of other people;
- we encourage people with certain protected characteristics to participate in public life or in other activities where their participation is disproportionately low.

In order to meet our general duties, listed above, the law requires us to do some specific duties to demonstrate how we meet the general duties. These are to:

- publish equality information – to demonstrate compliance with the general duty across its functions (**We will not publish any information that can specifically identify any child**)
- prepare and publish equality objectives

To do this we will collect data related to the protected characteristics above and analyse this data to determine our focus for our equality objectives. The data will be assessed across our core provisions as a school. This will include the following functions:

- admissions
- attendance
- attainment and progress
- exclusions
- prejudice related incidents
- participation

Our objectives will detail how we will ensure equality is applied to the functions listed above. However, where we find evidence that other functions have a significant impact on any particular group, we will include work in this area.

We use evaluation and data collection to inform our decision-making and assess the impact on equality of our decision-making, policies and practices.

We also welcome our duty under the Education Act 2011 to demonstrate how the education we provide meets the needs of the range of pupils at the school.

We recognise that these duties reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

In fulfilling our legal obligations we will:

- recognise and respect diversity
- foster positive attitudes and relationships, and a shared sense of belonging
- tackle prejudice and promote understanding between people from different groups
- observe good equalities practice, including staff recruitment, retention and development, and procurement
- aim to reduce and remove existing inequalities and barriers
- consult and involve widely
- strive to ensure that the communities within, around and beyond our school will benefit
- use the school's complaints procedure initially to deal with any complaints under the Equality Act 2010, use the Questions Procedure and, for any complaints not resolved internally, use the local authority complaints procedure.

**With regard to equality ,our school aims to:**

We aim:

- To be an inclusive school and to offer equal opportunities to all;
- To promote and achieve high standards for all by providing high quality learning and teaching;
- To differentiate learning and teaching to take account of pupils' individual and specific needs including physical, mental social, spiritual, moral and cultural;
- To ensure that all our pupils benefit from a rich, broad and balanced curriculum;
- To enliven and enrich the curriculum by visits, visitors and extensive use of the environment;
- To develop responsible and self-confident learners by encouraging children to contribute to school and community life;
- To ensure that all children achieve their true potential in literacy and numeracy;
- To sustain a friendly, welcoming ethos in a safe, secure and positive environment;
- To promote positive behaviour at all times;
- To celebrate the achievements of all learners.

## **How will we put this into practice?**

### **1. Admissions**

The school follows the Local Authority Admission Policy, which does not permit (providing resources are available) sex, race, colour or disability to be used as a criteria for admission, augmented by creed and ability. This will be revised as the Local Authority change recommendations.

### **2. Registration**

Pupils' names should be accurately recorded and correctly pronounced. Pupils should be encouraged to accept and respect names from other cultures.

### **3. Discrimination**

All forms of discrimination by any person within the school are to be treated seriously. A careful note must be kept of such incidents, whether they take place in the playground, corridors or teaching areas. It should always be made clear to offending individuals that such behaviour is unacceptable and further action could be taken.

#### **3.1 Pupils**

If there are subsequent incidents, then the appropriate senior staff member should be informed and consideration should be given to involving the parents. Racist and political symbols, badges and insignias on clothing and bags are forbidden in school. Graffiti should be immediately removed.

#### **3.2 Staff**

The school values diversity amongst the staff. In all staff appointments, the best candidate will be appointed, based on strict professional criteria. All staff should be aware of possible cultural assumptions and bias within their own attitudes. In order to understand the background and experience of ethnic minority pupils and to raise expectations of their potential, staff need to be aware of the historical and contemporary processes which have caused, and may continue to sustain, racism. Close liaison with families in the school is beneficial to all concerned. Support and advice is available from the authority's multicultural support service. The school's pastoral care organisation should be used, particularly with regard to home/school liaison and for dealing with any situations of discrimination or harassment.

### **4. The Curriculum**

All pupils must have equal opportunity of access to the school's curriculum. Staff must be constantly aware that their own expectations affect the achievement, behaviour and status of each pupil. The curriculum must be balanced, objective and sensitive, and must not highlight sexual and cultural diversity.

### **5. Language**

The school views linguistic diversity positively and staff should be aware of the language and dialect spoken by pupils and their families. Staff must be conscious of any racist or sexist connotations in the language they themselves use. Pupils and staff must feel that their language or dialect is valued.

## 6. Resources

The school's aim is to provide for all pupils according to their needs, irrespective of sex, ability or ethnic origins. Whenever possible, staff must ensure that the resources used in all curriculum areas are multicultural and non-sexist.

Variety should be evident in the morals, stories and information offered to children. Pupils should have access to accurate information about similarities and differences

### **How will we achieve equality?**

The School makes 'reasonable adjustments' to ensure equality and that no pupil is placed at a substantial disadvantage. To make these reasonable adjustments we:

- plan ahead;
- identify potential barriers;
- work collaboratively;
- identify practical solutions through a problem-solving approach;
- ensure staff have the necessary skills;
- monitor the effects of the adjustments and this policy;
- consider the effect of any proposed change upon all members of the school community and the available resources.

### **Addressing Prejudice Related Incidents**

This school is opposed to all forms of prejudice and we recognise that children and young people who experience any form of prejudice related discrimination may fare less well in the education system. We provide both our pupils and staff with an awareness of the impact of prejudice in order to reduce the likelihood of any incidents. If incidents occur we address them immediately and report them to the Local Authority using the online reporting system at <http://portal.irisadapt.com> .
