

# Forest School Autumn Term Newsletter

December 2025

We have had a fantastic first term with the children, exploring all things Forest School in the new nature area.

The groups have been developing key skills to build their confidence, resilience and connection to nature. **We are incredibly proud of how they have embraced every experience - come rain or shine!**

The children have embedded our **three Forest School values** through their outdoor learning: looking after the environment, each other and themselves.

**Risky Play**

**Fire Craft**

**Exploring**

**Connection**

**Crafting**

**Toolwork**

**Teamwork**

*Please remember to pack warm layers and waterproof clothing for the colder months ahead.*

We are looking forward to welcoming the children back in the new year and would like to thank you for your continued support and kind donations.

**Wishing you all a very Merry Christmas!**
