Inspire Believe Learn

Dear Parents and Carers,

As you may know, Cams Lane Primary School has a subscription to Times Table Rock Stars, which means your child can access this programme to develop knowledge of times tables and division facts free of charge. Times tables are recognised as essential to access many mathematical concepts. When it comes to times tables, speed AND accuracy are important – the more facts your child remembers, the easier it is for them to do harder calculations.

Times Table Rock Stars is a fun and challenging programme designed to help pupils master the times tables! We will be asking children to complete a little and often approach. We recommend 3 minutes practice a day, 4 or 5 times a week is a good target. Your child's teacher has set the appropriate times tables for your child to practice. The teachers get updates when your child has been online and can see their results.

This programme can be accessed online via this web address, <https://play.ttrockstars.com/login/23967>

Your child has been given their own login and password on a separate piece of paper which they will be bringing home today. You may also download an app for the iPhone/iPad or Android app through which your child may practice. They have all had a try in class on their account and picked their own Rock Star name for their account.

If you have any questions about TTRockstars, please contact your child's class teacher or Miss Partington (Maths lead).

Please find some useful information for parent and carers from TTRS on the following pages and on this short video, which includes how to log in <https://www.youtube.com/watch?v=-ZxZbRVvbYM>

Thank you for your continued support,

Miss Partington

Mathematics Lead
